This husband and wife team present a freshness and energy reminiscent of a more innocent, fun loving era when hula hoops, hot rods, and sock hoppin' Rock n' Roll charmed a nation of Americans.

Their professional entertainment careers span a generation and include dates in Las Vegas and Nashville, recording for MGM records, TV and Radio appearances, and sharing the bill with stars like the Statler Brothers, Guess Who, Anne Murray, Lorrie Morgan, and the late Tennessee Ernie Ford.

Unique Family Entertainment

Instead of the same old Rock or Country band, our program presents a husband and wife team with a fresh, clean appearance and show. There is nothing in our act to embarrass your audience.

Variety and Broad Appeal

People who grew up in the 50's and 60's love to hear their old favorites, but we find that young and old alike go crazy for "Ol' Time Rock n' Roll"! In addition our "Salute to Country Music", which is a part of each set, rounds out the program's appeal so everyone in your audience is thoroughly entertained.

Proven Track Record

Twenty-five years of success playing to audiences just like yours, which include Fairs and Festivals, dates in Las Vegas and Nashville, recording for MGM records, conventions, company parties, clubs, colleges and universities. We have shared the bill with entertainers like the Statler Brothers, Guess Who, Anne Murray, Lorrie Morgan, Ronnie McDowell and the late Tennessee Ernie Ford. We are able to offer you show sets, dance sets, or a combination of both!

Reviews:

"We needed a polished, professional act, but didn't have a large budget. I was nervous because I had never seen American Pie perform. Well, after 3 years in a row, people are still clamoring to have them back!" -Rocky Barth-Festival in the Park

"The first year we just booked them on our free grounds stage, but the next 2 years we moved them into the grandstand with our national headliners. What more do I need to say? I highly recommend them." - Barry Brauns-Muscatine County Fair

"American Pie was the biggest hit we've had in 24 years of providing entertainment for our employees and their spouses." - John Tobin-GPC/Kent Feeds
