

## Endless Summer Band

### The Perfect Entertainment Choice

Endless Summer Band is considered one of the finest dance bands in the country, but they also offer a fantastic, family and corporate oriented musical variety show.

#### Endless Summer On Broadway

Endless Summer Band has the perfect format for clients looking for a "Broadway Show" like presentation. Our high energy musical variety show is patterned after some extremely popular Broadway and Vegas Shows, Smoky Joe's Cafe, Stomp and Legends in Concert.

Classic smash hits from numerous era's and styles are carefully selected from Endless Summer's huge song list, and blended into the perfect music mix for each event.

#### A Tribute To Legends

Endless Summer's four lead vocal stylists really bring the mega hits to life with much more than just great voices.

Colorful costume changes, high energy choreography and hilarious comedy bits are all part of what you'll see when you request the Endless Summer Band Variety Show. Our Tributes to Legends presentation includes Louis Armstrong, Tom Jones, The Righteous Bros., James Brown, Tina Turner, The Bangles, Journey and the great motown era groups, The Temptations, Sam & Dave, The Four Tops, Martha Reeves and the Vandellas, and Aretha!

Everyone will roll with laughter when they witness the insane Tiny Blues Bros. (you have to see it to believe it). Endless Summer's stirring patriotic Tribute to Our Nations Heroes always evokes a standing ovation.

The Endless Summer Band Variety Show can be further enhanced by their dance troupe, "The ESB Dancers", and/or "The ESB Horns". The size of our dance troupe can range from two dancers to seven, and the added energy they deliver is unbelievable. "The ESB Horns" can range from one sax to a ten piece horn section. You can imagine the power of this mega production with 20 or more entertainers on stage.

All the entertainers, (singers, dancers and musicians), are equipped with wireless mics and monitors, so the show always spills off the stage into the audience, (and the audience always spills onto the stage with the band!).

#### Customized Presentations

Endless Summer Band can adjust the length of their show (or shows) to the specific needs of each event. Just let them know what works best for you, and they will custom design their presentation perfectly for your needs.

#### The Complete Package

Endless Summer Band is a self contained entertainment package, complete with state of the art sound and lighting systems and engineers. They can also provide their huge, colorful stage backdrop, and stage props when it fits the event theme. ESB also selects the appropriate costumes to best enhance the event.
