## Presentation Topics

### The Whole Life Trilogy

**A Balancing Act:**  
Walking the Tightrope of Life

**PART 1:** Inspiration! Interaction! Humor! Pathos! The most requested, favorite keynote of audiences worldwide. Its universal message of quality of life, change and balance has inspired people to make significant changes in their personal and professional lives.

**We interrupt this life to bring you...**

**PART 2:** Life is full of interruptions; birth, death, divorce, relocation, new job, health challenges, financial disasters, events that shape our lives and give us opportunities to evaluate, change, grow and find our purpose in life.

**Running the Human Race:**  
From Success to Significance

**PART 3:** There are times in our lives when we wonder if our vision is in sync with our values. When our purpose, our ideals and our results are not in harmony, we are out of balance. Maintaining a perspective, when we are racing to keep up with time, in an era which always seems to be accelerating, is one of life's greatest challenges.

**YOU'VE GOT Personnel-ity**

This interactive, humorous and enlightening presentation provides a heightened sensitivity to peoples' behavioral styles, recognition of the kind of environment they require to do their best and knowledge about how to minimize conflict.
